JOB DESCRIPTION

Title

CEDS Strategy Committee Member

Purpose

The Strategy Committee is a volunteer group that works with NWNMCOG to represent the main economic interests of northwest New Mexico and provide input to the planning process to ensure that the identified strategies of the Comprehensive Economic Development Strategy (CEDS) for 2025-2030 are relevant and sourced from the region.

Scope of Work

- review and evaluate projects and programs for feasibility and potential to create economic growth
- identify champions who will be responsible for implementing different projects and programs during the implementation phases
- develop value chains, strategies, and action plans

Preferred Qualifications

- Ability to collaborate
- Knowledge of northwest New Mexico region
- Strong problem-solving skills

Work Plan

The Committee may meet in person or virtually, and meetings will be convened only as needed around a clear agenda with specific goals about what is to be accomplished.

In addition to participating in several meetings, Committee members will be expected to review documents and/or view videos outside the context of the meetings in order to stay informed on progress toward creating a roadmap for regional economic success over the next five years.

Make-up

The Strategy Committee may meet in person or virtually, and meetings will be convened only as needed around a clear agenda with specific goals about what is to be accomplished.

In addition to participating in up to three meetings, members will be expected to review documents and/or view videos outside the context of the meetings in order to stay informed on progress toward creating a roadmap for regional economic success over the next five years. Strategy Committee members may be asked to participate in industry-specific focus groups or contribute subject matter expertise as needed.
